

2004 ROLL CALL VOTE DESCRIPTIONS

1. **Amendment to increase penalties for attacks on the pregnant woman without recognizing** the unborn child as a separate entity with rights similar to the mother. This Manuel Doyle Hatfield Foster Amendment avoids the issue of when a life begins (SB566) 3/12/04 RC#590 (27-70).
2. **Unborn Victims of Violence Act** protecting the fetus/unborn child from violence meant to kill/end the pregnancy. (SB 566) 3/13/04 RC#591 (79-18).
3. **Amendment revoking video lottery license of those that break the law and advertise** rather than weaker penalties. This bill weakened the governor's executive order banning outdoor advertising. This Trump amendment would have strengthened the bill by sending a clear message regarding outdoor advertising promotion in our communities. (HB 4017) 1/29/04 RC#56 (31-65).
4. **Amendment requiring that the Lottery Commission distribute outdoor signs** to be put up that be put on all establishments offering gambling. Many felt this was an official way to promote gambling with exterior signs. (HB 4017) 1/29/04 RC#57 (61-32) The vote was reconsidered the next day and a second vote on the same amendment taken. (HB 4017) 1/30/04 RC#60 (57-30).
5. **Passing weaker video lottery license bill** (when compared to governor's executive order) that required the lottery commission provide exterior signs (advertisements?) to be displayed on businesses identifying them with slot machines. (HB 4017) 1/30/04 RC#61 (57-29).
6. **Increasing raffle prizes from \$1000 to \$4000** for any single raffle and gross sales from \$7500 to \$15,000 for any calendar year. This expansion of a form of gambling increases the prize levels without having to obtain a license. (HB 4257) 2/20/04 RC#162 (76-15).
7. **Allow transfer of money between bingo and raffle accounts** to offset losses (HB 4107) 3/13/04 RC#649 (72-21) [Also RC#239]
8. **Reducing money available to promote gambling and the huge growth in tourism budget** - Vote to take funds from tourism promotion where it has grown from \$800,000 in 1995 to \$47 million in 2004 and where much of it goes to promote gambling and the race tracks. A "Yes" vote reduces it to \$11 million in 2005 with the balance going to research and development (generally at MU and WVU), development and capitol improvement. (SB 197) 3/21/04 RC#778 (85-10)
9. **Making funds recovered by the Attorney General from litigation on behalf of the public subject to legislative appropriation** This could stop the type of abuse reported in the newspaper March 2004 that the AG's office spent \$688,000 promoting his office vs. \$17,427 in the previous non-election year. The funds and how they are spent belong to the taxpayers, not government officials (HB 4660) 3/3/04 RC#361 (68-25).
10. **Repealing prohibition at selling liquor where boxing is held** (SB 722) 3/12/04 RC#570 (70-29).
