

## 2005 ROLL CALL VOTE DESCRIPTIONS

1. **Unborn Victims of Violence Act recognizing an embryo/fetus/unborn child** as a distinct unborn victim of certain crimes of violence against the person. This establishes the pregnant woman and embryo in the womb as separate and distinct victims. There were 81 Delegates who voted for the protection of rights for the unborn child. (SB146) 3/16/05 RCS#125 (81-17)
2. **Mandating health insurance plans to cover the cost of contraceptives** without the small business exemption. This legislation recognizes and permits religious employers to exclude or restrict contraceptive coverage when this coverage is contrary to religious beliefs. However, the legislation still mandates many small businesses provide coverage for outpatient services to cover individuals for contraceptives. While we strongly agree that religious employers should be exempted from being forced to subsidize contraceptives, we also believe any small or large business should be able to refuse subsidizing contraceptives based upon the dictates of their own conscience, their moral or economic reasons in addition to the religious exemption. There were 16 Delegates who voted to not mandate this coverage. (HB 3138) 3/30/05 RCS#332 (82-16)
3. **Amendment to the requirement that health insurance plans cover the cost of contraceptives.** This Amendment permits an exemption for small employers from the requirement of covering the cost of contraceptives in their health insurance plan, although religious organizations are specifically exempt. Many small employers of 50 or less may have moral objections to the provision mandating prescription contraceptives drugs or devices and would have been exempt with this Delegate Lane amendment. There were 31 Delegates who voted not to mandate this coverage. (HB 3138) 3/29/05 RCS#262 (31-67)
4. **Rule change forcing an issue to floor** if ten delegates sign a petition requesting the issue be taken up. Delegates could only sign one petition per year. The committee would have seven calendar days to report the bill be sent to the full House and five days to place it on the active calendar for the full House to consider. This rule change would prevent pro-family legislation from being ignored by the leadership as has happened year after year and require such legislation to be taken up, considered, debated and voted on. Such ignored pro-family legislation includes: promoting our national motto, "In God We Trust", regulating sexually oriented businesses, and stopping the expansion of gambling. There were 29 Delegates who voted to allow this option. (HR16) 3/02/05 RCS#66 (65-29)
5. **Mini-distilleries authorized** by ABCC to grant licenses to establishments manufacturing up to 20 gallons annually. Liquor sold must be consumed off premise except for free complementary samples. This legislation furthers the expansion of liquor consumption by promoting and encouraging the proliferation of mini-distilleries. Statistics abound showing the destruction of lives in automobile fatalities, particularly among young people, as well the role of alcohol in divorce, domestic violence and many social ills. There were 12 Delegates who voted against this expansion of alcohol use. (HB 2522) 3/23/05 RCS#179 (86-12)
6. **Allow the church leader to authorize a restaurant/bar to open less than 300 feet from a church.** The pastor, minister or board could permit the ABCC to have the restaurant/bar locate within the 300 feet of its church. If the church leadership changed, the ABCC license would still be in place. This legislation is harmful to churches by allowing liquor use to be consumed near houses of worship. There were 28 Delegates who voted to protect churches from liquor sales next to their facility. (HB 3258) 3/30/05 RC#373 (69-28)
7. **Amendment to increase the distance that a bar must be from a church or school from 300 feet to 1000 feet.** With the current language definition that the distance from the front door of one building to along the street and then to the front door of the other building, the two buildings can thus be very close to each other especially if there is a long walkway to each. This amendment would increase the distance between churches or schools and liquor establishments, thereby further protecting churches and schools from the harmful and secondary effects of liquor usage. There were 31 Delegates who voted to expand this protection. (HB 3258) 3/30/05 RCS#372 (31-67).
